

CHURCHILL CENTER & SCHOOL

National Leader in Learning Disabilities

Pilot Reading Group

Looking for High Quality, Effective Reading Instruction for Your Child from an experienced, certified Wilson® Level 1 Instructor?

Churchill Center & School is currently accepting inquiries for students in Grades 2 - 8 to be part of a pilot reading group.

Churchill, a Wilson® Accredited Partner, will begin working with a small group of students (3 - 4) in early September using the Wilson Reading System® through our Tutoring Program.

We are looking for students who have significant decoding difficulties to receive four 60-minute lessons weekly for 9 months.

We are seeking students of similar age, grade and cognitive ability to form a group. Sessions will occur Monday - Friday in the mornings before school or possibly after school at Churchill. Dates and times will be set once a cohesive group is found.

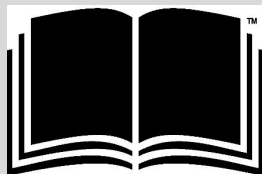

The Wilson Reading System® is designed for students in grades 2-12 and adults who have a language-based learning disability, such as dyslexia, or who have not internalized the sound-symbol system for reading and spelling

The Wilson Reading System aligns with guidelines from the International Dyslexia Association, which recommends that students with dyslexia receive:

- Explicit, direct, cumulative, intensive, and focused instruction on the structure of language;
- Multisensory learning using visual, auditory, and kinesthetic-tactile pathways to enhance memory and learning of written language; and
- Consistent links made between the visual, auditory, and kinesthetic-tactile pathways in learning to read and spell. (International Dyslexia Association, 2008)

The tutoring cost will be offered at a significantly reduced rate.

Call today or email to see if your child would qualify for this unique program.
